What can I access?
As staff, you have access to databases on and off campus. This includes thousands of newspapers, ebooks, articles, streaming music, streaming films, historic documents, online language learning, and more! You can also request items from other campuses and beyond using Interlibrary Loan.

Search, discover, and request:
Find library material, both print and online, by searching JumboSearch on the Hirsh Library homepage. To request items from other libraries, select “Request Item” in the search results for that item.

Get help:
Be sure to ask a librarian if you have any questions—they will be happy to help!
